Dear Sir/Madam,

Battery Technology, Inc. (BTI) are a world leader in the design, manufacture and supply of 3rd party replacement batteries and adapters for the majority of the most popular Global laptop brands.

BTI have been in business since 1992, and we use only the highest quality battery cells and components in our manufacturing facilities in the USA and the Far East. All of our products perform as well as, or better than the OEM original parts.

As part of BTI's commitment to quality and as an indication of the confidence we have in our products, BTI will not only replace the BTI product, but will also repair or replace any laptop which becomes damaged, in the unlikely event that a failure in BTI product quality or workmanship causes that damage.

If you have any questions, please do not hesitate to contact myself or BTI's European Sales Manager, Mike Tobin – mtobin@batterytech.com

Yours sincerely,

A handwritten signature in dark ink, appearing to read "David Sarazen", is written over a horizontal line.

David Sarazen
Executive Vice President
Battery Technology, Inc.
